We do **IT** differently

The Multidata Mission is to provide a service delivery experience that is so incredibly and refreshingly different that our data, telecoms, mobile and IT networking solutions become the preferred choice of public sector companies and commercial organisations in the UK.

In short, we do *IT* differently.

Multidata

As we continue to grow it means that from time to time we need to recruit some very special people to come and join us on our fabulous journey. Do you consider that you have some qualities that put you head and shoulders above the rest? Are you a customer focussed person that can be fun to work with? How big a cog in the wheel would you like to be? Send us your CV no matter what your discipline as we are very open minded and love new ideas and people but in particular we would like to meet you if you are proficient in any of these areas:

Voice over IP sales to SME	MPLS network pre sales
Broadband and pstn sales to SME and corporates	Leased line sales to corporates
Sim only mobile sales to corporates	Technical support, all areas
Marketing and PR	

Email your CV to nigel@multidata.co.uk
